

November 16, 2011

Dear Families and Friends of North American Martyrs School,

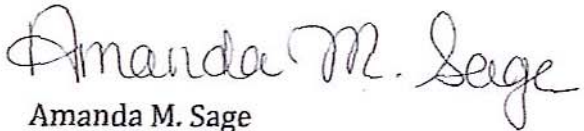

I am writing to share wonderful news with you about a musical project that has been several months in the making. As some of you may already know, my brother Bobby suffers from Crohn's disease. He was diagnosed when he was only 13 years old and has been struggling to manage the painful and damaging effects of this auto-immune disease for the past seven years. He is now 21 and is attending college at Seton Hill University as an art major.

This past summer, I collaborated with several wonderful musicians to record a CD that we have dedicated to people and families affected by this disease. The cellist who plays on the CD has a son who is only 9 years old, and he suffers from Crohn's as well. Upon the completion of this project, our goals were not only to bring awareness to the disease, but also to be able to contribute a donation to the Crohn's and Colitis Foundation of America. (CCFA)

I am excited to announce that the CDs will be available within the next week. If you are interested in purchasing a CD, please fill out the reservation form below, and I will fill the orders as I get them. 100% of the proceeds will be donated to the CCFA.

Thank you for your consideration!

Sincerely,

Amanda M. Sage  
Music Teacher

\*Please return this bottom portion to the school office with your donation in an envelope marked "Miss Sage-CD".
