

## North American Martyrs School Fund Raising

July 1, 2010

Dear Preschool Parents/Guardians,

North American Martyrs School must raise \$90,500.00 for the 2010/2011 school year through fund raising activities. Our assessment is based on the amount the parish is permitted to fund the school and our tuition revenues.

While preschool parents/guardians are not required to participate in mandatory fund raising, we would appreciate your participation.

The Campaign for NAM Committee has determined that the best practice for completing our goal of \$90,500.00 is to have two types of fund raisers. Between these two types of fund raisers, we will be able to reach our goal.

- **Individual Fund Raisers** – These are fund raisers that involve you along with your family, friends, neighbors, and co-workers and will be credited towards your family's goal.
- **Pool Fund Raisers** – These are fund raisers that involve the school families, parish families, and the general community and will be credited to the school's goal. Our Flea Market, Fish Fry, and Bingos are examples of pool fund raisers.

We also request that each parent/guardian volunteer some of their time for the Pool Fund Raisers. By volunteering your time for the Pool Fund Raisers, we will be able to keep the individual assessment at the current amount.

The Campaign for NAM Committee will report those credits on a regular basis to each family. We strongly urge that each family track their own fund raising activities. If the Campaign for NAM Committee makes any changes, additions, or deletions to the 2010/2011 fund raising budget or process, we will inform all parents/guardians of the changes.

Thanks to all of you for choosing North American Martyrs School. We are looking forward to a tremendous school year!

Bruce Norman Chairman of the Campaign for NAM Committee
